Winnebago Thrive 22MBH

WGO-THR-22MBH

The Thrive™ lightweight travel trailer redefines glamping with sleek design, residential comforts, and standout features like the tinted and frameless front window, an Olympic queen-sized bed and our exclusive new custom-built furniture line that's made in the USA. In the galley, fiberglass countertops with molded sinks, soft-close cabinets, built-in utensil drawers and pullout pantries bring the form and function of a modern kitchen on the road. Expansive windows frame scenic views, while the open, intuitive layout creates a seamless indoor-outdoor living experience. It's elevated camping—without the oversized price tag. Who says you have to rough it? Kick back and enjoy the good life—anywhere.
